Purpose

The purpose of the share buyback is to adjust the capital structure and meet obligations relating to the Group's share-based incentive programmes. At the Annual General Meeting of DSV, a resolution will be proposed that any shares not used for hedging of the incentive programmes be cancelled.

Time frame

Buyback terms

- DSV is required to retain a lead manager who is to make its own trading decisions independently of and without influence from DSV and execute the buyback within the announced limits. DSV has retained HSBC Bank plc as its lead manager for the share buyback.
- Under the share buyback programme, DSV may repurchase shares up to a maximum aggregate purchase price of DKK 1,200 million, and no more than 4,000,000 shares, corresponding to 2.13% of the current share capital of DSV A/S, may be purchased.
- No shares may be bought back at a price exceeding the higher of (i) the share price of the latest independent trade and (ii) the highest current independent bid at Nasdaq Copenhagen at the time of trading in compliance with the authority.
- The maximum number of DSV shares that may be purchased on each business day may not exceed 25% of the average daily trading volume of DSV shares on Nasdaq Copenhagen over the last 20 trading days prior to the date of purchase.

A company announcement of any transactions under the programme will be published every Monday throughout the duration of the programme starting 5 November 2018.
